

Cheese slicer Professional

Description

The cheese slicer features two wires with different distances to the center rod for different thick cheese slices (3mm/0.12 and 5mm/0.2") and a serving tip to arrange the cheese slices.

Wires are available as spare parts. Typical for the "Professional" kitchen tool series is the grips material of solid fiber glass reinforced poly-amide plastic. This ensures a solid non-slip grip when cooking.

Dishwasher-safe.

Made in Solingen/ Germany.

Dimensions: 25,00 cm * 2,00 cm * 1,30 cm
