

Chain glove size L

Description

Heavy-Duty cut-resistant Chainmail Glove / Butcher's Glove without cuff for protection against cuts and stabs when cutting meat and opening oysters.

Professional quality made of 0.53 mm thick stainless steel ring mesh. The individual rings have a particularly small outer diameter of 3.8 mm, providing optimal protection and outstanding comfort.

The infinitely adjustable, elastic plastic wrist strap with snap fastener allows for quick and easy on and off and can be easily replaced if necessary.

By reversing the glove, it can also be used by left-handed operators.

One Fingerfix tightener for better fit is included.

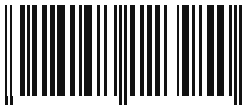

CE-certified according to DIN EN 1082-1 (Gloves and arm guards protecting against cuts and stabs by hand knives).

Tested according to DIN EN 1811 (Nickel release for products intended to come into direct and prolonged contact with the skin).

Wristband colors: green (XS), white (S), red (M), blue (L), and orange (XL).

Dimensions: 23,00 cm * 13,00 cm * 0,30 cm
