

Spreading knife Classic with grid etching

Description

The triangle spreading knife is a specialized professional tool for spreading butter and spreads on bread and rolls with maximum efficiency.

The blade is wide and flexible and more suited to spreading than cutting.

The handle is made of ABS and is assembled, riveted and finished manually.

Due to the different materials combined, cleaning by hand is recommended. Stainless Steel. Made in Solingen/ Germany.

Dimensions: 22,00 cm * 2,30 cm * 1,30 cm
