

# Garlic cutter & Press Duo

## Description

The DUO combines garlic press and garlic cutter in one tool.

A classic garlic press on one side and a sophisticated garlic cutter on the other. On the cutting side, the clove of garlic is pressed through a sharp grid of 3 x 3 mm, so that fine sticks are created. If you cut along the cutting grid with a knife while pressing, you can easily create cubes of any size.

The DUO can be opened completely for cleaning. A cleaning grid removes garlic residues from the stamp and ensures quick cleanliness. Made of high quality stainless steel and robust plastic, with sharp special blades.

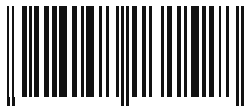

Patented technology.

The cleaning grid is available as a spare part.

Dishwasher safe

Dimensions: 19,00 cm \* 3,30 cm \* 4,40 cm
