

# Burger spatula Classic Wood

## Description

The extra-large burger spatula handles all tasks on the grill. Whether craft and smash burgers or steaks, the 14 x 14 cm / 5.5" x 5.5" work surface supports and turns safely.

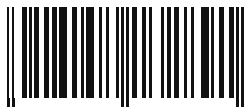

For extra stability, this pallet is not flexible, but offers a consistently high material strength. Only the front edge is ground thin so that it can easily slide under the food to be grilled and to be removed from the grate.

FSC-certified cherry wood and extra-long handle too keep the distance from the flame.

Handmade in Solingen / Germany.
