

Cheese slicer

Description

The triangle cheese slicer, plum wood is ideal for soft cheese, cream cheese and pies. It is a real eye-catcher at the table or at the buffet on any cheese platter with its sliding wooden insert made of FSC-certified German plum wood.

To adjust the wire tension, the wooden insert can be moved as desired. The slim wire that is stretched between the two stainless steel ends ensures a clean cut without sticking and is also available as a spare part if required.

The wire cutter is available in two sizes: 7 cm and 13 cm.

Made in Solingen / Germany.

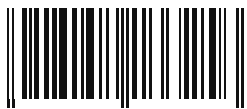

Hand cleaning recommended

Dimensions: 24,50 cm * 8,60 cm * 1,20 cm
