

# Pumpkin Carver "V"

## Description

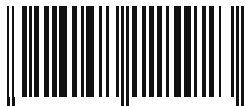

U-shaped pumpkin carver (short version) for straight, shallow cuts into pumpkin skin. Homemade decorations for home and garden: the pumpkin carvers let you carve faces, patterns, decorations, or letters into any hard-skinned vegetables like pumpkins or melons quickly and easily. The three different carvers offer endless creative options. With the V-cutter pre-drawn lines can be cut out, while the U-shaped cutters remove the skin in one even layer. The long U-shape gives the opportunity to create additional depth. Use all cutters to create interesting 3-D effects.

Made in Germany out of stainless steel and high-grade plastic.

Dishwasher-safe.

Dimensions: 6,50 cm \* 5,00 cm \* 2,80 cm
