

# Zester Spirit

## Description

With the help of its sharpened perforations, the triangle zester cuts the finest strips from the peel of citrus fruits. These strips can be used for flavoring as well as for decorating cakes, pastries or dishes. The slightly larger eyelet on the side of the Deco-Zester cuts thick zests for cocktail garnishes or candying.

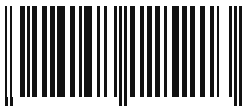

The hardened blade is made of stainless steel and sharpened. The Spirit handle is slightly thicker and therefore fits perfectly and effortlessly in the hand. Designed for everyday use, for ambitious amateur chefs and professionals. Made of high-quality plastic, with hanging loop.

Made in Solingen / Germany. Stainless and dishwasher-safe.

For the sake of the environment: The GreenGrip® used for handles in the Spirit series is a 98% bio-based plastic made from recycled vegetable edible fats and 40% wood fibers.
