

Spatula Spirit cranked, 10 cm

Description

Flexible spatula for professional use with function polished surface. triangle spatulas are hardened and ground thinner towards the tip. Therefore they are springy and flexible at the functional area but firm and strong at the rear part.

The function polishing gives them a smooth surface and soft edges to protect working surfaces. The Spirit plastic handle has some extra volume for fatigue-free and comfortable working.

The GreenGrip® used for handles in the Spirit series is a 98% bio-based plastic made from recycled vegetable edible fats and 40% wood fibers.

Designed for daily use, with hanging hole.
