

# Spoon Spirit 270° C / 518° F

## Description

Stable and high temperature resistant spatula / turner for non-stick cookware.

The high-quality special plastic is heat-resistant up to 270 ° C / 518° F, so that molten edges are a thing of the past. The slender shape with beveled edges is ideal for loosening pancakes and crepes and turning small foods.

The massive handle design with hanging hole lies firmly and comfortably in the hand. A small groove on the back of the handle prevents the turner from sliding into bowls or pans.

Dishwasher safe.

Dimensions: 30,50 cm \* 5,00 cm \* 1,50 cm

**Made in China**
