

Pizza cutter Soul plum wood

Description

The triangle pizza cutter Soul is particularly sharp and stable. The hardened and carefully sharpened cutting wheel made of special steel remains permanently sharp, while the double-sided guide ensures great stability.

In addition to cutting and portioning pizza and tarte flambée, it is also suitable for cutting homemade pasta dough, pastry dough or thin sheet cakes.

For the sake of nature, all the wood comes from sustainably managed and FSC®-certified orchards and private forests. The handles are turned, then finely machined in Solingen and finished with functional parts made of stainless steel. Naturally, they are manufactured using green electricity.

As an ideal gift, the "Soul" products are delivered in a stylish and reusable gift box.

Made in Solingen / Germany.
