

Cheese knife Sense, narrow

Description

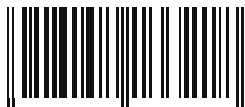

This slim triangle cheese knife Sense immediately catches the eye with its delicate blade and its unique design. The blade is particularly slim so that the cheese does not stick to the knife. The handle fits comfortably in the hand and makes cutting easier.

For Sense, triangle uses FSC - certified plum wood from regional orchards, thereby supporting sustainable timber management and short transport routes. The handles are regionally turned, then finely finished in Solingen and assembled with functional parts made of stainless steel. Of course, eco-electricity is used.

Made in Germany. Delivered in a stylish and sustainable gift box. Manufactured in Solingen.

Dimensions: 28,70 cm * 5,60 cm * 3,20 cm
