

Cheese grater Sense

Description

High-quality cheese grater Sense with super sharp blades made by photo etching process.

For Sense, triangle uses plum wood from regional orchards, thereby supporting sustainable timber management and short transport routes. The handles are turned, then finely finished in Solingen and assembled with functional parts made of stainless steel. Of course, eco-electricity is used.

All Sense products come in a stylish and sustainable gift box.

Tip: If you put softer cheese, such as young Gouda, briefly into the freezer before grating, it can be processed more quickly.

Dimensions: 31,00 cm * 8,00 cm * 2,00 cm

Made in Germany
