

Curler set, 3-piece

Description

With the 3-piece Curler Set, you can create decorative spirals out of solid fruit and vegetable - be it thick, thin or twisted together like a lollipop.

To make spirals, position the tip of the curler over the centre of the vegetable and twist fully through it using the handle. Enjoy the spirals raw, cooked, roasted or fried.

Stainless steel, dishwasher safe.

Tip: When turning the first two rounds the first cut curl must always stay above the circular blade. For thin spirals, simply pull the curler out of the vegetable. For thick and double spirals, secure the spiral cut at the Curler and turn the vegetable off counter-clockwise.

Dimensions: 22,00 cm * 7,00 cm * 1,50 cm

Made in China
