

Carving tool set "Professional", 8-piece

Description

The triangle carving tool set Professional is for all ambitious carving artists who value solid workmanship and ergonomic handling. The selection of tools is designed to cover most of the traditional carving styles.

The functional parts are made of hardened, stainless steel, are carefully crafted and sharpened perfectly. The handles are made of a combination of high quality polypropylene and non-slip Santoprene (softgrip). A specially shaped ceramic sharpening stone allows to resharpen the blades even in the edges.

The set was designed by gold medalists in fruit and vegetable carving Alex and Angkana Neumayer as the essential selection. With a practical roll bag for storage.

Stainless and dishwasher safe.

Dimensions: 25,50 cm * 18,60 cm * 1,20 cm
