

Spare blade for Vegetable Slicer

Description

Catcher to upgrade all former versions of the triangle graters with wire handle.

The catcher ensures mess-free grating. Behind the grating surface it picks up the shavings and redirects them to where they are needed. Be it directly on the dish or in a bowl. When needed, the 2-in-1 catcher is simply clipped under the grater.

Turned over and covering the grating surface, the catcher acts as effective blade protection. It protects against injuries and ensures permanently sharp cutting edges.

Dishwasher safe.

Dimensions: 13,50 cm * 7,50 cm * 1,50 cm

Made in China
