

Wetzstahl 23 cm / 9"

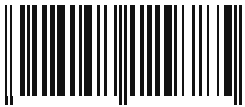

Description

The sharpening steel corrects micro-bends in the cutting edge and realigns the edge between uses. With medium-fine surface for quick sharpening. The rod is slightly magnetic and binds metal dust. Highly wear-resistant with 65 HRC hardness. Made in Germany, with hanging ring. Care instructions: Only sharpen clean knives. Wash the steel after a couple of uses under running warm water with mild detergent and a cloth. Using the dishwasher is not recommended as it may affect the anti-corrosion coating.

Dimensions: 34,50 cm * 0,00 cm * 0,00 cm

Made in Germany
