## Description

Stable and high quality spatula / turner for non-stick cookware. The slender shape with beveled edges is ideal for loosening pancakes and crepes and turning small foods.

The massive handle design with hanging hole lies firmly and comfortably in the hand. A small groove on the back of the handle prevents the turner from sliding into bowls or pans.

The range consists of sustainable and up to 210° C / 410° F heat-resistant GreenGrip special plastic based on renewable raw materials.

Dishwasher safe.
